## **Board Policies**

(As of June 2017)

November 2015

Today is a time of monumental change in the electric utility industry. Utilities must embrace innovation and move quickly to find new and better ways to deliver affordable, reliable and environmentally sensitive energy services to its customers.

With this in mind, OPPD’s Board of Directors launched a Corporate Governance Initiative to assess and enhance its governance processes and practices. Initially chartered in December 2014, OPPD’s Corporate Governance Initiative provided the Board and senior management an opportunity to discuss customer-owner wishes and to confirm strategic performance targets, Board governance principles, and the accountabilities and levels of empowerment for the organization to achieve desired results.

OPPDP’s Board policies consist of three categories, all designed to help optimize decision-making and clarify the following:

Category	Focus
Strategic Directives	Performance for which the Board will hold OPPD accountable on behalf of its customer-owners.
Board-Staff Linkage	Delegations from the Board to the CEO to carry out the work of OPPD.
Governance Process	Principles for how the Board will govern itself.

The Board policies within this book provide a clear and transparent foundation to which OPPD is accountable. These policies guide the organization’s efforts to effectively and efficiently address current and future challenges, mitigate risks, pursue strategic opportunities, and optimize service to the District. They serve as an important tool to align the OPPD Board, leadership, employees and all OPPD resources to optimally serve its customer-owners.

Customer-owner feedback is an essential part of the process. Throughout the initial process, the public was given the opportunity to review policies and provide feedback to clarify their wishes. All governance workshops and meetings were open to the public, and publicly announced prior to the meeting. To keep the public informed, the Board Policies are available for review on [oppd.com/boardmeeting](http://oppd.com/boardmeeting). All future discussions regarding the Board Policies will be handled similarly.

OPPDP’s Board commits to monitor compliance and ensure OPPD creates plans of action to bring the organization into compliance where appropriate. This oversight provides an opportunity for the Board and senior management to clarify policy, revise policy when necessary, and ultimately deliver desired results for OPPD’s customer-owners as well as an opportunity to develop additional policies, when necessary, as OPPD navigates this period of dynamic industry change.

Ad hoc committees shall be created for a limited duration to address a specific topic of interest to the Board. Each ad hoc committee may be composed of up to four Board members, and shall include designation of a Committee Chair and a clear statement of purpose.

- Board committees may not speak or act for the Board except when formally given such authority.

- Board committees cannot exercise authority over staff nor interfere with the delegation from the Board to the President and Chief Executive Officer (CEO). Because the CEO works for the full Board, he or she will not be required to obtain approval of a Board committee before an executive action.
- As a general rule, items scheduled for Board action (including items requested by a Board member) shall first be presented to a standing committee for review.
- Standing committees shall be reviewed at least annually by the Board to determine whether they should continue.
- This policy applies to any group which is formed by Board action, whether or not it is called a Committee and regardless whether the group includes Board members. It does not apply to committees formed under the authority of the CEO.
