Subject: OPPD Nebraska City Station NC2 Ash Disposal Area Alternative Source
Demonstration Evaluation for SSI, Site ID # 58343, Permit # NE0204421

Dear Mr. Macy

The Omaha Public Power District completed an Alternate Source Demonstration for a Statically Significant Increase (SSI) for Calcium in NC2MW-2 as required by 40 CFR 257.94. This investigation failed to demonstrate an alternate source, the facility will initiate an assessment monitoring program in accordance with 40 CFR 257.95. The alternate source demonstration will be included in the annual groundwater report.

Please contact me at (531)-226-2308 or via email at mrhansen@oppd.com with any questions or comments.

Sincerely,

A handwritten signature in blue ink, appearing to read "Mark Hansen", is written over a horizontal line.
